JADE LIGHTING  JADE LIGHTING  JADE LIGHTING  JADE LIGHTING  JADE LIGHTING

Since 2002, Jade Lighting has hired famous designers from Italy, Germany, Spain to be design advisers and design directors and has built a strong team of top foreign designers including Gunter from Germany, Marc Gabarra from France, Chiara Di Vincenzo from Italy, Alessandro Cardniato from Spain, Pietro Melone from Italy.

There are 100-odd persons in the team besides the above-mentioned backbone technical R&D personnel.

In 2007, Jade Lighting invested nearly ten million yuan to establish a 2,000-square-meter independent and functionally complete lighting test center which met the requirements of the laboratory of China National Accreditation Service for Conformity Assessment, CNAS.

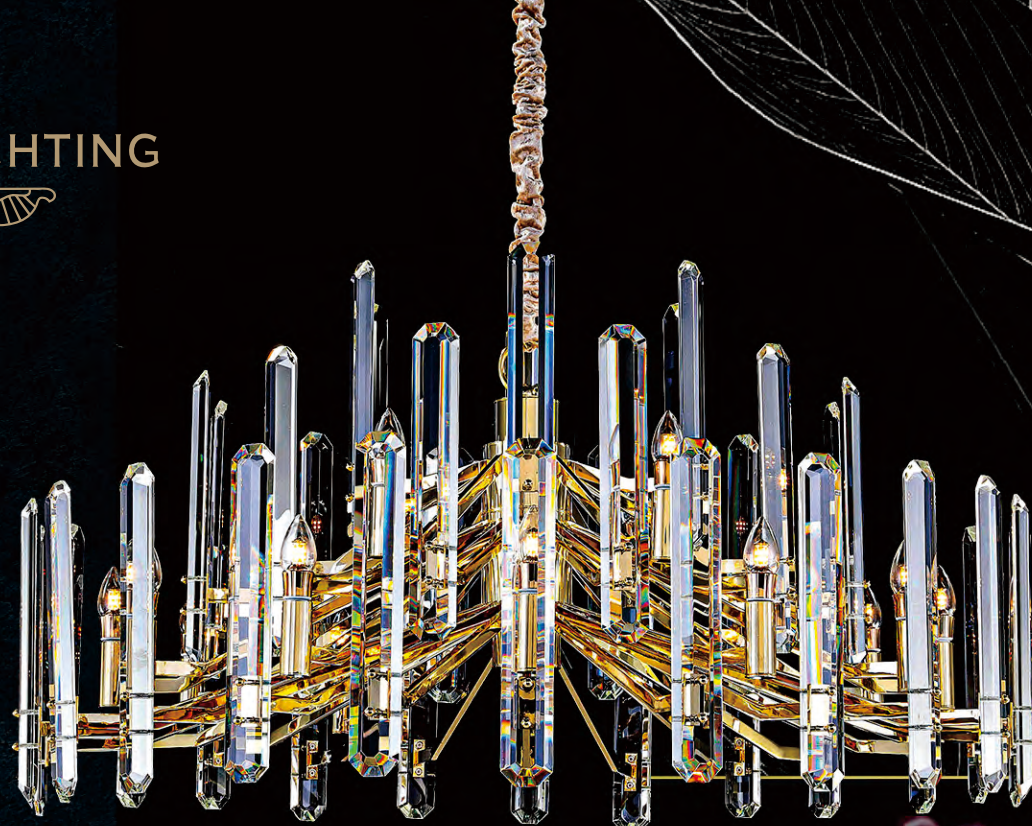

Jade Lighting Co., Ltd. was founded in 1993 with registered capital of 50 million RMB.

The company occupies a 200,000-square-meter plant with more than 1,200 employees and over 400 management and research elites.

After 23 years' painstaking efforts, Jade Lighting has developed into an international lighting group which is involved in design, R&D, production and sale as well.

This company has established more than 400 stores in Beijing, Shanghai, Wuhan and other large and medium-size cities with products being exported to over 100 countries and regions throughout the world.

Post-modern Nordic Creative Lava Table Lamp with 1 Lighting

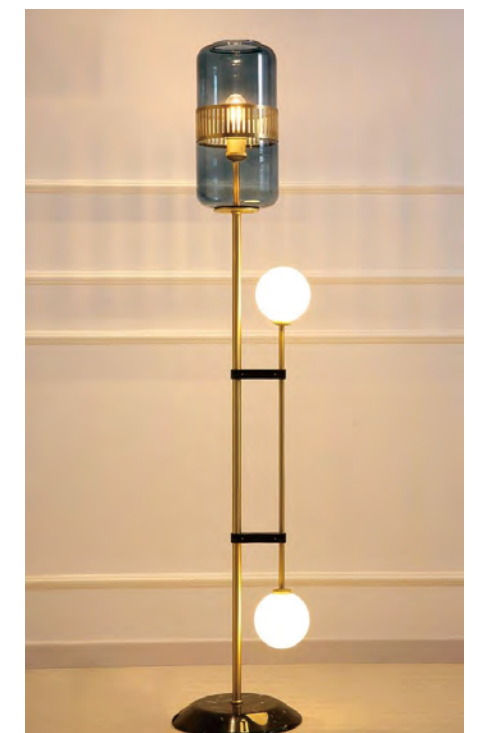

This Jade piece stays amazing as at first sight. The interesting acrylic suspended lava table lamp which is simple, novel and unique is sure to attract a lot of attention while rich and exquisite details win even more admiration. Quality details are best manifestation of excellent design where each angle offers a new visual presentation and enables the feel of dynamic light and shadow. Irregular electroplated acrylic lampshade, elaborate workmanship, advanced mirror electroplating and polishing techniques and anti-oxidation and anti-discoloration together present stunning melting effect that allows the experience of the beauty of the flow. The integrated lamp body is capable of ease installation with the mirror carbon steel electroplated, adding to luxurious metal texture and the user-friendly switch conforms to ergonomics in design.

Post-modern Creative Design Pendant

Jade Lighting LLC is dedicated to offering first-class workmanship and conveying unique and distinct artistic taste and pursuit. Every collection of Jade adheres to the principal of rigor and strictness leading to high quality. This piece is, without doubt, no exception. The main lamp body adopts environmental protection, flame-retardant, high-transparency anti-static PP material, which is purely hand-made. The power-on mode uses low-voltage electromagnetic conductive wireless connection to energize; the bird light body and the hardware bracket can be separated, and the bird's lamp body acts in external force. Iron plated lamp holder.

Nordic Creative Eiffel Tower Eye Protection Table Lamp with 1 Lighting

Jade is open-minded and inclusive to originalities and designs of all nature and styles. Minimalist lifestyle is no exception. This piece is a minimalist design with simple shape. It conveys a refined combination of inflexibility and yielding and a strong romantic aura, making itself suitable for bedrooms and studies of all kinds of styles. The lampshade, black on the outer side and gold on the inner side, is made from selected raw materials with elaborate craftsmanship and is easy to clean and maintain. The E27 lamp head makes for stable voltage and easy replacement. High-quality hardware goes through hollowing and welding to become creative lamp body in shape of the Eiffel Tower.

J2326

Post-modern Creative Designer Table Lamp with 1 Lighting

Jade Lighting LLC is dedicated to offering first-class workmanship and conveying unique and distinct artistic taste and pursuit. The exquisite design of the lamp realizes the sublimation of special artistic beauty and integrate aesthetics and decorative techniques. The wrought iron lamp arm adopts three layers of nano-electroplated gold on the surface, delicate and simple, yet shows great taste. The natural marble base with clear lines, thick and finely polished, stability of which and shape are combined to highlight extravagance. Milky white glass lampshade lets through soft and natural light, adding to an elegant aura. Jade Lighting LLC is a choice you will never regret.

Jade Lighting LLC is dedicated to offering first-class workmanship and conveying unique and distinct artistic taste and pursuit. It is open-minded and inclusive to originality and designs of all nature and styles. Convention cannot define creativity. This unique collection resembles a beret in shape with electroplated gold bronze wrought iron body, painted hardware lampshade, both smooth in texture and bright in luster. The thickened painted base is stable and durable as Jade highly values product quality. The practical design of E27 lamp head makes for stable voltage and easy replacement. Choose Jade, and you will never get bored with its endless originality and creativity. Jade Lighting LLC is a choice you will never regret.

J2324

JADE LIGHTING JADE LIGHTING JADE LIGHTING JADE LIGHTING JADE LIGHTING

American-style Luxurious Iron Table Lamp with 1 Lighting

This Jade collection shows extraordinary design. The thin and slender rods made of high-quality metal are closely arranged, creating a unique layering with different lengths. After being polished and electroplated, they present a shiny metallic luster. The hand-made fabric lampshade made of fine linen is sturdy and durable. Though thick, it lets through soft and natural light that instantly warms the entire space. The metal cylinder is fine hardware cut and bent into curved lamp post. Copper paint adds to its dignity and elegance. Cutting and polishing make the quality round metal base smooth surface so bright that it can serve as a mirror. The gold reflective lining of the lampshade enables multi-angle reflection of the light to add to the luster of the lamp body.
